Reviews

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.

FROGS

National Geographic Kids. Paperback. Book Condition: new. BRAND NEW, Frogs, Elizabeth Carney, Frogs are a high interest topic for kids. From the first time they see frogspawn and tadpoles in the garden pond, to when they become acquainted with brightly coloured tiny rainforest frogs from more tropical climes, there is much to learn and much that holds a child's interest. In this book we have included some basic froggy facts but as usual have also incorporated the extremes that kids love. There are superlatives, jokes, and best of all, the incredible photographs available only from "National Geographic". The cover also makes use of the "NG Kids" logo, matching the logo used on "NG Kids" magazine with a subscriber base of 1.3 million. Books are levelled and presented to parents, teachers, and librarians with a letter from an expert in the field of reading and education.
